intracellular
intracellular part
cytoplasm
intracellular membrane−bounded organelle
cytoplasmic part
organelle part
intracellular organelle part
cytosol
nucleoplasm
Cul5−RING ubiquitin ligase complex
intracellular organelle
intracellular membrane−bounded organelle
organelle part
intracellular organelle part
intracellular organelle lumen
membrane−enclosed lumen
organelle lumen
nuclear lumen
nucleoplasm
microtubule cytoskeleton
organelle
intracellular organelle
membrane−bounded organelle
intracellular membrane−bounded organelle
organelle part
intracellular organelle part
nucleoplasm
mitochondrion
membrane−bounded organelle
intracellular membrane−bounded organelle
nucleus
cytosol
nuclear part
nuclear lumen
nucleoplasm
condensed chromosome kinetochore
condensed chromosome, centromeric region
condensed nuclear chromosome, centromeric region
centriole
organelle membrane
bounding membrane of organelle
Golgi subcompartment
spindle pole
GATOR2 complex
cytosolic part
ribosomal subunit
ribosome
cytosolic ribosome
large ribosomal subunit
cytosolic large ribosomal subunit
nucleoplasm
ribonucleoprotein complex
nuclear speck
